Due to the current challenges in oncology and in response to the desire of Oregon oncologists to work together as advocates for high quality cancer care for all Oregonians, The Oregon Society of Medical Oncology has formed a board of directors and is now undertaking their membership drive and is preparing for their 2008 Spring Membership Meeting.

The Oregon Society of Medical Oncology (OSMO) is pleased to be able to offer Corporate Membership in OSMO. Corporate Memberships in OSMO are available at three levels, with increasing rights and benefits at each level. The three levels are:

Diamond Level - \$10,000 per year. All Gold Level rights and benefits, plus

- Annual opportunity to meet with the OSMO Board of Directors
- Prominent signage identifying Diamond Members
- Annual awards ceremony recognizing Diamond Members
- Exhibit booth at the Membership Meeting with 6 complimentary exhibitor registrations
- Advance notice of sponsorship opportunities

Gold Level - \$5,000 per year. All Silver Level rights and benefits, plus

- Active links on the OSMO web site
- Exhibit booth at the Membership Meetings with 4 complimentary exhibitor registrations

Silver Level (\$2,500 per year)

- Subscription to the OSMO Newsletter (via e-mail to the Corporate member contact)
- Inclusion in the OSMO Directory of Members
- Invitations to all OSMO meetings

Your support through Corporate Membership at the highest possible level is critical to the continued advancement of OSMO interests: To identify and work to improve oncology practice issues that adversely affect patient access to cancer care; to act as a patient advocate to assure that patients have access to the best available care; to support and encourage clinical research against cancer.

With your support, OSMO will strive to be the leading professional organization for oncologists in the state of Oregon and a resource for the oncology community through professional education, and information dissemination.

Our federal identification number is **93-1044220**. Please contact Liz Cleland by email at: lizzywa@Comcast.net or by phone at 503.841.6775 if you have any questions or require more information on OSMO membership opportunities.

Sincerely,

David H. Regan, M.D.
President
